Dear Community,

The upcoming conference is an effort to unite women of all categories against racism. Following the historical Women's March of 2017, many asked the question "what next." Our "what next" is the launch of a bold campaign entitled "My sister's keeper challenge." A campaign designed to educate, reconcile, and unite against systemic oppression caused by racism.

The conference includes pre-workshops which includes trauma informed nurturing for women of color. We hope that you will consider sponsoring our important event for the betterment of society as a whole.

Below is a snapshot followed by a categories of sponsorship:

My Sister's Keeper Challenge Conference: Sponsorship
